

## First year Explosion Box

### Cutting guide

For my Box I used the We R Memory keepers “explosion box score board” and made the **XXL, XL** and **L** box. These boxes measure approx. 4”, 3-5/8” and 3.25”

In this cutting guide I will give measurements to use without the WRM scoreboard to make the boxes in these measurements.

\* When U use the WRM board you can use my measurements for the pockets, however you need the score on the 0.50” and then mark with a pencil where to score the second side flap. When scoring on the given measurements may give you a pocket that ends up being to small.

## **XXL box (box 1)**

**Cardstock:** 12 x 12”

- Score your cardstock at 4” on al four sides (you divide the piece in 9 equal squares)
- For the corner element score the 4 outer boxes diagonal (from outside point towards intersection of score lines)
- You can create any shape in the outer squares, mine where heart shaped.

## **Pockets**

**Cut 4 pcs** 5” x 3.25”

Align the 5” side along the top of your score board and score at: 0.50” and 2.75”

Align the 3.25” side along the top of your scoreboard and score at: 0.50”

## **Optional U shaped window:**

Draw an 5/8” frame (on sides with score line only) on the bumpy side and cut out the middle part.

**Acetate:** 3.50” x 2-5/8”

**\* When attaching the pockets make sure to stay in between the score lines.**

## **XL box (box 2)**

**Cardstock:** 10-7/8” x 10-7/8”

- Score your cardstock at: 3-5/8” on al four sides (you divide the piece in 9 equal squares)
- Cut out the 4 outer squares.

## **Belly band**

**Cut 2 pcs** 1” x 4-5/8”

Align the 4-5/8” sides along the top of your scoreboard and score at: 0.50” and 4-1/8”

## **Pockets**

**Cut 2 pcs** 4-5/8” x 4-1/8”

Align the 4-5/8" sides along the top of your scoreboard and score at: 0.50" and 4-1/8"  
Align the 4-1/8" side along the top of your scoreboard and score at: 0.50"

- Draw an 0.50" frame on the bumpy side and cut out centre part.
- **Acetate:** 3-3/8" x 3-3/8"

### **L box (box 3)**

**Cardstock:** 9.75" x 9.75"

- Score your cardstock at: 3.25" on all four sides (you divide the piece in 9 equal squares)
- Cut out the 4 outer squares.

### **Pockets**

Cut 4 pcs 4.25" x 2.25"

Align the 4.25" sides along the top of your scoreboard and score at: 0.50" and 3.75"  
Align the 2.25" side along the top of your scoreboard and score at: 0.50"

### **Optional U shaped window:**

Draw an 0.50" frame (on sides with score line only) on the bumpy side and cut out the middle part.

**Acetate:** 3" x 1-5/8"

### **Centre piece**

**Cardstock:** 9" x 3"

Align the 9" side along the top of your scoreboard and score at: 3" and 6"

### **Lid**

Cardstock: 6.50" x 6.50"

Score at 1-1/8" on all four sides
